

**N770DK**

**1967 Mooney M20C**

**S#-670121**

**Airframe:**

4000/TT - NMDH, All logs      Empty Weight – 1613.3/lb.      Useful Load: 962/Lb.

**Engine Specs:** Lycoming O-360 A-1-A      Serial # L-10962-36A

1865/Hrs. S.M.O.H (3/86)

650/hrs. Since top overhaul (6/01)

**Props:** Two Bladed Hartzell      HC-C2YK-1B      S/N CH2908E

1150/Hrs. since major overhaul - (12/94)

AD-2009-22-03 is due in 30+/Hrs.

**Avionics:**

Flight Com 403 Audio Panel

NARCO AT 150 TSPDR

King KMA20 Audio Panel

King KR-87 ADF

King KX155 NAV/COM –w/G/Slope

STEC 60-2 Auto Pilot

Apollo GX60 GPS/COM

**Addition Equipment:**

EDM 700 Engine Analyzer

Electronics International Fuel Flow Computer

4 place Headset

**Glass:** Good Condition! No crazes or cracks – No haze or delamination!

**Interior:** Red and Light Grey in very strong condition, headliner, side plastic, and overall – Good  
No rips or tears in seats or side panels (age tear's in headliner) – a couple of nicks in panel areas show  
minor dings but good overall! Rated: 7

**Paint:** White and Red in a standard vintage Mooney scheme. Condition – good to really nice!  
(Paint is good and solid condition limited issues and has many years left of service!) Rated: 8

**Comments:**

Overall is in very good condition! All logs and records present and appear accurate and does not  
appear to have sustained major damage history at any time. Airframe has very light hail marks (very  
limited amounts) - (Ailerons show replaced in logs and may have been due to hail / no explanation  
given)
