Highway 69 South
Jacksonville, Texas 75766

July 7, 2011

Dear Brian, Bud, Family and Associates,

I want to thank you and your staff for making my first airplane purchase an amazing experience. The Piper Cherokee Archer II and the overall purchasing experience surpass any expectations I had when I decided to get my own plane.

RidgeAire's staff was honest, friendly, professional, responsive, patient and thorough from start to delivery (even after the purchase). Your team gave me valuable advice pertaining to the airplane's equipment, insurance, records and working knowledge.

My friends and family cannot believe how nice the Archer II's interior and exterior looks and how it operates.

I know my Archer II purchase was not a million dollar sale for RidgeAire but your staff made me feel that it was!

I would recommend your company to anyone considering purchasing an airplane.

Denon asked me to thank 'Bud' for the great conversation and she is looking forward to seeing him soon.

Thanks again for your service and making us part of the RidgeAire family,

Clifton and Denon
Keller, Texas

Very Satisfied Customers!
